Dear Collector friends,

The office will be CLOSED March 31 - April 8.

Canada Post announced a major postal rate increase effective March 31, 2014. The new domestic rate is 85c +13% HST = 96c up from 63c + tax. That's more than a 35% price increase and will add \$1000's to our annual postage costs. Parcel, foreign & other rates are yet to be announced, but rising as well.

Because of this massive increase we must make it a priority to send our ReveNews newsletters electronically rather than by postal mail.

The Peter de Groot award winning "from Birth until Death" Newfoundland revenue document collection.

Without a doubt this is the best Newfoundland Caribou issue document collection ever formed. It won a BNAPS vermeil award. BNAPS has published a book with this collection and is available directly from BNAPS or through me. **Peter was an incredible researcher.** He was the only one able to locate all of the rate & other relevant information that has eluded all other collectors and researchers for so long. The buyer of the collection will get Peter's invaluable research notes and files. Each document in the award winning collection shows the type of document, date, fee applied, van Dam cat # and type of paper + any other relevant info. All documents are different in one way or another. This spectacular collection is ready to exhibit. The collection is described in exactly the same order as the book published by BNAPS.

All the material was carefully selected as being the best available quality and generally VERY FINE. All are complete documents unless noted otherwise.

All documents are different because of revenue issue, rates or styles. Many better revenue stamps throughout - This is a very impressive collection and would be very difficult and expensive to duplicate. Several documents are valued at several thousand dollars each. It is a goldmine for documents
