**CANADA & PROVINCES LIQUOR STAMP COLLECTION** in two volumes from the "CHESAPEAKE" collection by private treaty - all images are reduced.

This is one of the largest liquor stamp collections I have handled in 40 years. Originally the collection started off as my reference collection which had been built up over 20 years and was the culmination of a number of important collections that I acquired over the years and included from the Jim Sissons, Les Davenport and Jim Webb dealer stocks that I purchased many years ago. The collector added lots of new material. Condition is generally excellent. Most have of course come off bottles and will have the typical fold or show signs of usage, that's the only way they come. This is a rare opportunity to acquire this rarely seen material. This collection can be turned into a great exhibit. I suggest a personal viewing. I can bring it to an upcoming show provided it has not been sold. Christopher D. Ryan's The Preliminary listing of "Canada's Bottled in bond Liquor stamps" is used in some of the descriptions. This listing can be viewed or printed directly from our website, just follow the links.
