FLS2a LOCK LABEL PANE

A very fine example of a genuinely used lock seal pane.

The seal part was to be cut out before the lock was opened and then reattached with tape to the stamp pane for revenue department auditing purposes. This one is in exceptional condition. Only very minor aging/foxing from the tape. One of the nicest used copies I have handled and seen. With your purchase of this pane you will receive a copy of the original instructions explaining the entire process for the use of these rarely seen LOCK LABELS. Catalog value \$300
