Alberta hunting stamps were never available for sale to collectors. I personally tried buying them at various locations in Alberta as well as directly from the government but was never successful. Only licensed hunters were allowed to purchase them and were supposed to affix them immediately to the license. Generally very few Alberta hunting stamps are found in mint condition. Used stamps are also mostly very difficult to find.

The Non-resident and Non-resident Alien are **RARE TO VERY RARE** - the odd one that I have seen has generally sold for several times face value - the face value of just these rarities is \$1005.

Total face value of this almost complete set of 28 different mint never hinged 1971 issue stamps

AW139//AW166 Face value is \$1125.50. I sold similar sets in 2013 for \$1599

Entire group of 28 different mint never hinged stamps, similar to stamps shown

Alberta 1936 Prosperity Certificate.

This is the actual certificate to which the stamps were to be affixed.

The act was declared illegal very early on and the stamps and certificates could be returned to the Alberta government for a refund.

This is one of the nicest certificates I have seen. Without the usual folds, creases and signs of wear.

There are a couple of small hinge remnants on the back as can be seen on the scan.
