Very unusual to find 4 different types. Various rates charged for different types of scale inspections.

They are in much better than typical condition ... \$95 (±US\$76)

MW1*NH Davac gum - Winnipeg Wildlife Conservation stamp full sheet of 100

The previous owner folded the sheet neatly on vertical perfs between 6th and 7th column for display in his album.

Interestingly the left side of the sheet first 2 columns seem to be a darker print than the rest of the sheet. This is an unlisted variety.

Centering of this sheet is much better than usual. Cat. value for the sheet is \$400. This item will be shipped in oversized large cardboard envelope by mail.

\$95 (±US\$76) + actual postage cost - depends on destination and type of service requested, e.g. regular mail, registered, etc., details on request
