Registered mail to Canada and to some international destinations is again available.

Canada post has just dropped prepaid Expresspost envelopes to USA, no replacement available as of today.

For larger more expensive shipments to USA I currently use Fedex overnight express - great service.

Fedex is more expensive than expresspost to USA, but it usually gets there overnight.

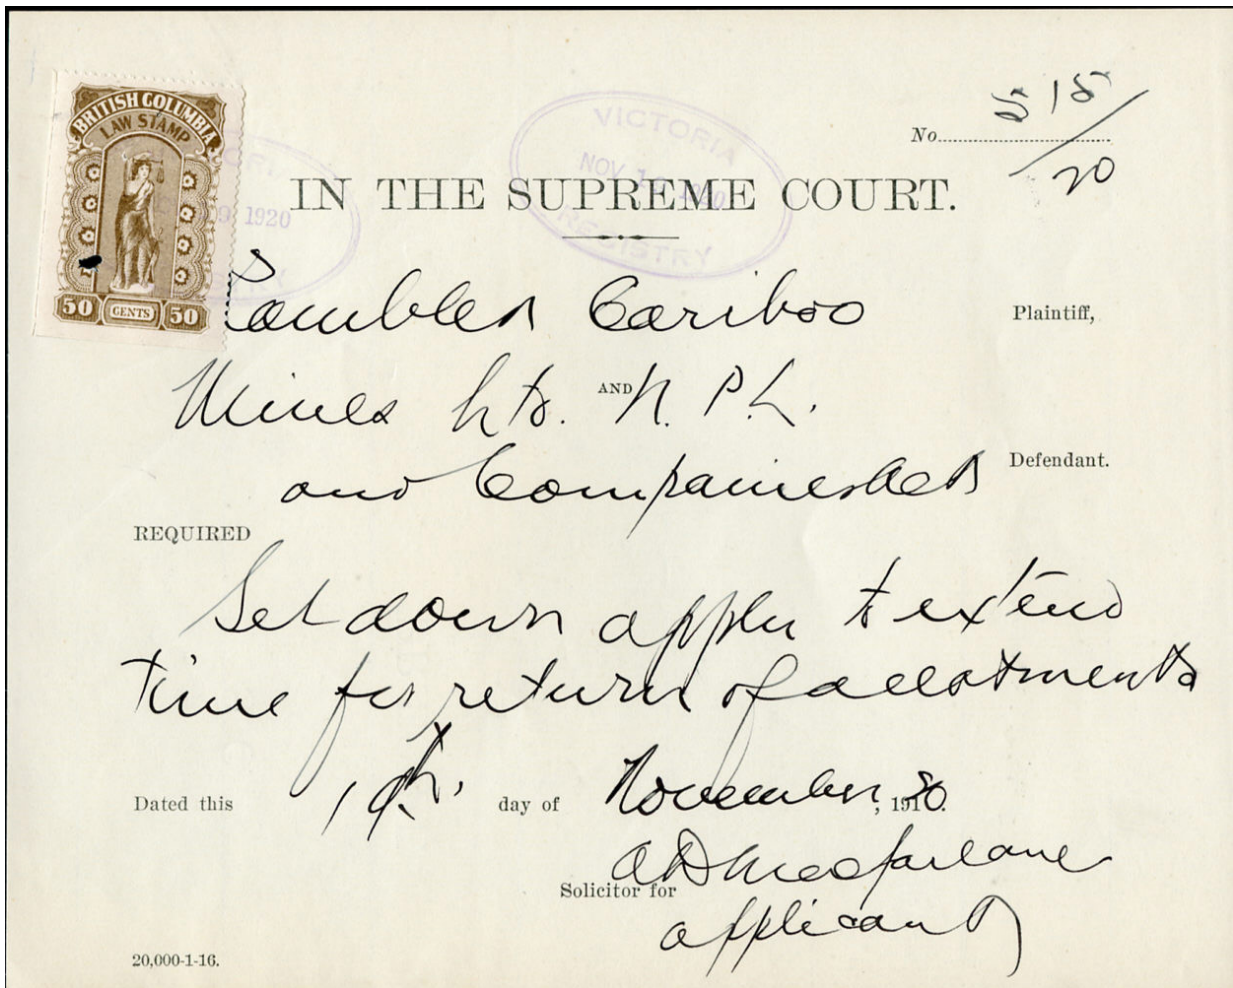

If you wish your order shipped via Fedex and order is over \$300 I will pay part of the cost depending on the size of the order, details upon request.
