FB52a* - \$1 IMPERF upper right corner block of 10 with complete British American Banknote co imprint & "+" printer's guide at left.

An absolutely fabulous SHOWPIECE in SPECTACULAR condition. Mint, no gum as issued. Unusually well centered for this issue -\$600 (±US\$480)

FLS12a* - Edward VII LOCK SEAL LABEL - complete booklet pane of 2 stamps - imprinted "K13 EXCISE"

These stamps were put on locks of distillery warehouses where liquor was stored before required excise tax was paid.

Once the Excise tax was paid the stamp was removed and the products could be removed from the warehouse to be sold.

A great rarity in pristine condition - \$2250 (±US\$1800)

1945 - 46 complete UNEMPLOYMENT INSURANCE BOOK clearly showing use of sections of the 6 part UIC stamps.

This book is an exceptionally good example showing how the stamps were used. Book was used at New Westminster, British Columbia. Pages shown are the only one's with UIC stamps. Each of the large early UIC stamps was made up of 6 sections separated by a very fine roulette. Each 1/6th section represented 1 day worked. Thus if you worked the entire 6 day week a complete stamp was used. If you only worked 3 days as shown for June 23 week then only 3 x 51c sections were used for actual days worked during that week. In the July 21 week only 1 of 6 sections was used to show the person only worked one day. This book is particularly nice because each stamp and 1/6 section has been cancelled with the employer id code - \$75 (±US\$60)

Lots of these must have been used, but you just never see them. All are **rare Non-Resident** licenses. Licenses were of course folded as these had to be carried in your pocket. These are listed in the "1915 Rubec/Stover Catalogue of Canadian Hunting & Fishing revenue stamps".
