FCD1 - 1c green Customs Duty used on 11 October, 1933 commercial envelope from London, England.

Usually the customs duty stamps are on the back and not cancelled.

This one is particularly nice as the stamp is on the front and is properly tied with an Ottawa customs cancel.

**Migratory game bird hunting permit -
Total Cost of Stamp and Permit is \$12.00 (plus all applicable taxes)**

1. A eight dollar and fifty cents (\$8.50) "Habitat Conservation" stamp must be affixed to validate the Migratory Game Bird Hunting Permit. All revenue from the stamp is dedicated to support the varied habitat conservation projects of Wildlife Habitat Canada, a private non profit organization, Ottawa K1Y4P1.
2. This permit is not refundable.
3. When completed and signed, this permit is valid anywhere in Canada. It is not transferable to another hunter.
4. You must have the signed permit with you while hunting or while in possession of a migratory game bird carcass in a place other than your residence. A provincial license may also be required.
5. In certain sections of Canada, you may hunt ducks, geese, rails, coots, gallinules, snipe, woodcock, mourning doves, banded pigeons or cranes. Please check the Migratory Birds Regulations and the provincial hunting restrictions for season, bag and possession limits in your area.
6. You may purchase a permit for a third party provided that you have all the information required above.

Watch for this loon on blue signs marking National Wildlife Areas and Migratory Bird Sanctuaries.

A brief résumé of some hunting regulations:

1. A person who has pleaded guilty to or been found guilty of an offence under the Migratory Birds Convention Act or the Regulations shall not apply for or hold a Canada Migratory Game Bird Hunting Permit within one year from the date that person pleaded guilty or was found guilty.
2. A person who kills, cripples or injures any migratory game bird shall immediately make all reasonable effort to retrieve the bird and if it is alive, immediately kill and include it in his daily bag limit.
3. No person shall hunt a migratory game bird with a shotgun capable of holding more than three shells in the magazine and chamber combined unless the capacity of the gun has been reduced to three shells by altering or plugging the magazine with a one-piece metal, plastic or wooden filler that cannot be removed unless the gun is disassembled.
4. When possessing or transporting a migratory game bird, at least one fully feathered wing must remain attached to the bird. The wing may be removed only when the bird is prepared for immediate cooking or after the bird is taken to the residence of its owner for preservation.
5. It is illegal to ship or transport a package or container containing a migratory game bird without the exterior of the package being clearly marked with the name and address of the shipper, the number of the permit under which the birds were taken and an accurate statement of the contents.
6. No one shall hunt migratory game birds within 400 metres of any place where bait is present.
7. These are summaries of some sections of the Migratory Birds Regulations and are for information purposes only.

Please participate in our national migratory game bird surveys if you are selected. Your answers help to maintain or improve hunting. Please record the date, location and birds taken for each hunting trip. This will help you answer survey questions more accurately and quickly.

Thank you for your support and best wishes for good hunting in 1997.
