2 different blank documents  
as shown

**BCL59** - \$1 blue rouletted  
**BCL60** - \$2 magenta rouletted

Both tied with Chilliwack,  
Registry oval cancel.

BCL59 and 60 should be very  
common on document, however I  
have seen just a few of them.

These are exceptionally nice  
and very unusual because the  
documents are blank.

An exceptional pair of

2 different early Imperial Oil, Halifax, NS receipts. One with revenue stamp other with postage stamp.

Documents, receipts, etc. used in Nova Scotia are rarely seen probably due to the relatively small population.

Very useful for the topical petroleum related collector - \$20 (±US\$16)

OL31\* no gum - Rare 10c red L.S. ROULETTED Block of 4.  
 This rouletted stamp is rarely seen as single.  
**Blocks are extremely rare.**  
 \$300 (±US\$240)

OL31\* original gum - Rare 10c red L.S. ROULETTED IMPRINT Block of 4 - Imprinted "American Bank Note Co. New York".  
 A few strategically placed bits of hinge reinforcements have preserved this block for over 150 years. A few very tiny bits of aging are virtually invisible on the actual stamps - they look more pronounced on the above scan. Considering the rarity of singles it is quite possible this block may be unique.  
**Extremely rare imprint block - \$400 (±US\$320)**

1926 Province of Alberta - "you are authorized to received the sum of..." small document.

AL27 - 5c + AL29 - 20c affixed to pay the required 25c fee.

Alberta documents are very Rare.

Very Fine - \$125 (±US\$100)

FCH1 - Two cents red embossed. VERY RARE USAGE on private company check.

These were typically used by banks and those are very common. This one is very Rare - \$250 (±US\$200)

### Genuinely used early Queen Victoria era Lock Seals

Both used stamp booklet panes shown were properly used, but in a slightly different manner. In each case the parts with Queen Victoria on the far right were cut out and affixed into the slot on the lock that was used to seal the warehouse storage area where the liquor was stored until the required tax was paid. Once the required tax was paid the locks were opened by first removing the part of the lock stamp that was on the lock and reattaching it back to the original lock seal stamp or pane.

In the example at top the cut out part was simply glued back on top at the end of the pane.

In the example at the bottom the stamps had been very carefully cut out and were now pasted back into their original position.

The details and date of use can be read on the stamps themselves

Both are in exceptionally nice condition.

FLS2a - blue GENUINELY USED, Very Fine booklet pane, see op of page for explanation of use, etc. - \$200 (±US\$160)

**FPS12 - 10c + FPS14 - 25c on 2001 cover used illegally to pay part of required postage.**

This is the latest use I have seen of postal notes paying postage.

Surprisingly the item made it through the postal system without attracting postage due.

All stamps tied with Hamilton Mail processing plant "H.M.P.P. 2001-08-21 L8E 5A8" cancel.

Very unusual and attractive - undoubtedly a philatelic cover as the stamps are so carefully arranged.

#### 1868 Clinton Foundry \$55 note

FB19 - 2c red Second Bill issue + FB37 - 1c brown Third Bill issue affixed to pay the 3c rate.

Mixed usage of 2nd and 3rd bill issue seldom seen. This is a very nice and clean example. At some point in the past the note was backed with thick laid paper undoubtedly to preserve the integrity of this early item. Early notes are often in very poor condition, but this one is a well preserved example.

This item without backing would have been priced in the \$250-\$300 price range.
